Now that many of the Covid restrictions have been lifted, our **Bereavement Groups** are beginning to be more active. Our Bereavement Groups are in place to provide support and food when one of our members loses a loved one. This support could be anything from taking an individual meal to a member’s home, providing a food or sandwich tray at the funeral home, or hosting a full (usually potluck style) meal at the church building. Many times, this can be a large undertaking that involves transporting food, setting up tables and chairs, and serving and cleaning up afterwards. We currently have four different groups of approximately 20 individuals or couples. However, many of the individuals who signed up to be a part of a group at one time have become inactive for one reason or another, so we end up having a few people from each group doing the majority of the work every time. **We need help!!** Please consider volunteering to become a part of one of our Bereavement Groups. We would love to have you. If you would like to participate but don’t feel that you can “physically” participate we always welcome donations. This is a very important and much appreciated ministry. When you’ve lost a loved one, food is usually the last thing you think of but still an important service to provide for your friends and family. If you are interested or have further questions, please feel free to ask Furman Muzzall, Janie Ellis, Gigi Snyder or Drake Thompson.
